## FINANCIAL AND COMMERCIAL.

FRIDAY, May 30-6 P. M. Money is easy at 31/2 a 4 per cent on call. Borrowers on gold and governments get all they want at 3 per cent. There is an improved demand today for all kinds of Treasury notes and certificates of indebtedness. The latter are wanted at par to % premium; the 7.30 notes at 105 a 105%. Money is increasing steadily at this point, and, whether government issues more currency, as is expected, or not, there will still be more capital seeking employment here than can be used, and consequently a active and permanent demand for every security which promises to yield income in the shape of interest or dividends.

Foreign exchange was dull to-day. Bankers ask 114% for sterling and 4.92% a 93% for francs, but importers are as yet unwilling to give these rates. The news from New Orleans, published in this morning's HERALD, encourages the hope that cotton will come forward in small quantities by and by and furnish our market with some bills. Strange to say, there were no sales of gold this morning at the board; the recent advance has led many of the sellers to close up their accounts.

The price was 103% a 3/4.

The stock market was dull at the opening this orning, but revived on the news of the occupation of Corinth by the Union troops. At the first board prices were hardly so good as last evening; but between the boards there was quite a rally, and Central rose 1/4, Pacific Mail 1/4, and other stocks in proportion. An active demand for governments causes them to appreciate steadily; the sixes of 1881 are working their way back to the points touched a month ago. Confidence, which was checked first by the suspense about the movements of the Union armies, and afterwards by the fear of heavy losses arising from the Indiana bond affair, appears to be reviving, and, as was noticed before, the first of the new investments are in governments. As soon as they have risen one or wo per cent-especially if the news from the war continues good-it may be expected that speculation will again be directed to Pacific Mail and the New York and Western roads. At the second board to-day everything was higher and closed firm. The sixes of 1881 advanced to-day one per cent, Tennessees 1/2, Missouris 1/2, Pacific Mail 1½, Central ½, Erie ¾, Erie preferred ¾, Michigan Central ¾, guaranteed ¼, Panama 1, Illinois Central ¼, Galena ¾, Toledo ¾, Rock Island 1/4. Chicago, Burlington and Quincy I per cent. The short interest is quite large, and, as it seems pretty well established appresent that the Indiana affair is not going to bring any more stocks into the market for sale, favorable intelligence from the seat of war causes prices to move upward rapidly. The following were the closing quotations of the day:-United States 6's, regis tered, 1881, 1041/2 a 105; do. 6's coupon, 1881, 105 a 105; do. 5's, do. 1874, 94 a 941/2; Tennessee 6's, 581/4 a 59; Virginia 6's, 56 a 57; North Carolina 6's, 71 a 73; Missouri 6's, 511/4 a 511/4; Pacific Mail, 1131/4 a 114; New York Central, 87 a 671/6; Erie, 361/6 s 361/4; do. preferred, 623/4 a 63; Hudson River, 431/4 a 43½; Harlem, 13½ a 13¾; do. preferred, 34½ a 35; Reading, 471/2 a 493/4; Michigan Central, 600/2 a 60%; Michigan Southern and Northern Indiana, 23% a 24; do. guaranteed, 55 a 551/2; Panama, 131 a 1321/4; Illinois Central, 601/2 a 605/4; Galena and Chicago, 67 a 68; Cleveland and Toledo, 42% a 42%; Chicago and Rock Island, 61 a 61%; Chicago, Burlington and Quincy, 72 a 73; Milwaukee and Prairie du Chien, 27 a 271/4; Cleveland, Columbus and Cincinnati, 1161/2 a 117; New York Cen-

After the second board the market was again higher and there appeared to be a general demand for stocks. The closing quotations at half-past four P. M. were as follows:-Government sixes. 105 a 1/4; 7-30 notes, 1053/4 a 1/4; gold, 1031/4 a 1/4; Missouris, 511/4 a --; Pacific Mail, 114 a --; Erie, 361/4 a 1/4; preferred, 63 a 1/4; Illinois Central, 601/4 a %; Michigan Central, 61% a %; Galena, 67% a %; Toledo, 47% a 43; New York Central, 87%
